<Dog may be shivering.>  
This is not because they are cold, but because they are excited  
Please rest assured that we monitor their physical condition daily.  
<About the dog's body condition/We carefully manage their physical condition.>  
The dogs continue to undergo appropriate training not only in winter but also throughout the summer. They undergo gentle exercise to build up their physiques for the upcoming season. We prioritize their physical condition and provide an environment where they can run energetically.
